DO NOT DETACH

- Attached are two radio tubes manufactured at the Oberspreewerk, Berlin-Oberschoeneweide, in the fall of 1950. The attached tubes are 6V6, OSW Type 3106, and 6L6, OSW Type 3108. The tubes are submitted to you as a partial reply to [REDACTED] as requested in reference [REDACTED]
- [REDACTED] these tubes are not mounted into sets in East Germany but are shipped directly to Russia.
- These tube types were produced in the following quantities at the Oberspreewerk in February 1951:

| OSW Type | Quantity |
|-------------|----------|
| 3109 (6H6) | 500 |
| 3106 (6V6) | 4,000 |
| 3108 (6L6) | 2,000 |
| 3104 (6SA7) | 1,400 |
| 3105 (6SQ7) | 2,000 |

These tubes are in regular production under the production plan for 1951.
